Heavy night fogs in Southern Cali-fornia have retarded fruit drying along the coast. The weather has been warm and clear in the interior.

The Lane county, Or., Hop Growers' A sociation have agreed to pay for picking this year 40 cents for 7-bushel boxes and 50 cents for 9-bushel boxes,

One hundred and thirty-five miners under arrest at Wardner, Idaho, have been released, but the indictments against them have not been dismissed.

In a canvass of Washington on the question of selecting a State flower, the thododendon was largely the favorite, receiving 7,704 votes out of a total of 14,449.

It is estimated that the apple crop of the Pajaro Valley will reach 250,000 boxes this year. It will take about 400 cars to take that amount of fruit to At Fingstaff, A. T., Jailer Henry Banta

was seized by the prisoners in the county jail, bound and gagged, and all but two of the men escaped. The six now free, it is thought, will soon be recaptured.

Fishing on the Siuslaw is now in progress. Two canneries, those of Myer & Kyle and C. Timmons, are running. The salmon run, as yet, is light. The sum of 2) cents each is paid for large

There will be \$340,000 spent on the Poso irrigation system; \$60,000 on the East-side Canal; \$100,000 on the Seventy-eight Canal, and about \$30,000 on lateral canals in Kern county within the next

As the result of one week's picking in the Holmes hop field near Salem sixteen acres yielde 1 21,000 boxes of nine bushels each. This will give 2.100 pounds of dried hops. The sum of \$1,0.0 was re-quired to pay the pickers.

The widow of Lawyer McWhirter at Freeno has offered an additional reward of \$10,000 for the arrest and conviction of the murderers of her husband, and her family have added \$5,000 to this amount, making a total of \$15,000 in re-

There is a story current among the criminal officers at Los Angeles that the railroad and Wells-Fargo officers have le rned that the Collis train robbers doubled on their pursuers and made their way south to the railroad again, where they boldly boarded a train and made their way to Los Angeles, where they have been in hiding.

Oregon big red apples are being appreciated even at home this year, says the Oregonian. They are usually left on the trees unpicked, and in the early fail the orchards are covered with decaying fruit—but not so this year. Apples are scarce and are retailing in many places at \$1 per bushel. They are usually worth about 10 cents at this season of the year.

the year. Work on the Snake river improvement work on the Shake river improvement has already begun. The principal work of the government boat will be in clearing the channel of rocks dangerous to navigation in low water. The work to be done will be a continuation of the ba done will be a continuous work done last season with the same boat. The work on the river between Lewiston and Riparia has already begun, and better and more extensive improve-ments will be made there.

ments will be made there.

The main ditch at the Myrtle creek mines has been extended a mile and a quarter to tap more small streams. Washing is not now in progress, but everything is being put in readiness to begin operations as soon as the fall rainbegin. Scarcity of water has always been a drawback to mining op rations in Southern Oie, on, but the Myrtle Oreek Company is doing a large amount of ditching to provide water to run the giants the year round, if possible.

The project of lowering the water in

The project of lowering the water in the upper Klamath Lake, Or., thereby reclaiming a vast area of agricu tural land, seems to have at last taken definite land, seems to have at last taken definite shape, and the lawyers of Klamath Falls are awaiting developments in the courts by those c aiming water privileges, as soon as the work begins. At a cost of several thousand dollars for work to be done, and perhaps \$10,000 in attorneys' fees for litigation resulting, it is thought at least 70,000 acres of rich land can be resolated.

at least 70,000 acres of rich land can be reclaimed.

Hop vicking near Ukiah was suspended Sunday, and the Indians, to the number of quite 5.0, congregated in Ukiah. Having plenty of money, they rallied near the Court House, and soon a banking game was running, owned by four Indians. On c mplaint of the squaws the game was riopped and the four Indians arrested. Jim Ball, an Indian, explained that it was almost an even thing between the dealer and better, and on this showing the Justice top, and on this showing the Justice types.

The total cost of keeping the soldiers in the field to maintain the peace at Homestead will be about \$325,000.

hogs or geese are to be kept in Toledo. For this kind of game the Toledo blades must look to the surrounding country. It is said that Mexico will purchase

\$15,000,000 worth of corn from the United States this year, owing to the complete failure of the corn crop in Illinois this year will grow 35,000,000 bushels of wheat, nearly 200,000,000 of corn and 93,000,000 of oats. So there is no chance for calamity candidates in

that State. George Lispenard, a Brooklyn me-chanic, has invented a cotton-picker, which removes the cotton from the plant in the fields, and a company has been capitalized at \$10,000,000.

The S.amford (Conn.) police had their helmets stolen recently, and as a result the next day they went about in various kinds of headgear. The small boys of the town guyed them unmercifully.

the town guyed them unmercifully.

Heretofore all street cars in Detroit have been propelled by horses, and the use of the electric trolley, which was begun recently, will shortly be extended to the numerous other lines in that city.

Captain Phillips, a prominent Chicago trader, was at Kansas City August 30, and wired to Chicago: "There will be so much wheat and corn to haul out of Kausas that the roads will not be able to handle it for a year."

to handle it for a year."

The Rochester driving park is for sale The Rochester driving park is for sale, not because the trotting meetings in that city have not paid, but because, like the "Pioneer race course" of San Francisco, the property of the association became too valuable for racing purposes.

Colonel R. T. Auchmuty, the founder of the New York trade schools, has gathered statistics to show that out of \$23,-000,000 paid annually for mechanics, in

000,00) paid annually for mechanics in the building trades of New York city

the building trades of New York city less than \$6,000,000 go to men born in this country.

The loose prison methods of Tennessee are well illustrated by the fact that when the military captured the rioting miners of Coal Creek a few days ago there was no jail or penitentiary to take them to. So they had to be confined in a church and a schoolhouse. So they had to be confined in a church and a schoolhouse.

A merchant of the City of Mexico, to spite the Banco Londress of Mexico, recently put up a sign in his office to the effect that he would refuse to receive the concern's bank hills. The result was a run on the bank, which, however, was promptly met, and many of the withdrawn deposits were returned.

### NATIONAL CAPITAL.

Summary Showing the Total Imports of Merchandise Into the United States for July.

The Department of State is advised by the United States Charge d'Affaires at Constantinople that the Turkish govern-ment has acquiesced in the claim of the United States for protection to American missionsries in the province of Konia, Asia Minor, and in reparation for in-juries to the person and property of Dr. Bartlett.

The Navy Department has assumed charge of the quarantine patrol of New York harbor. It will place an officer from the Brooklyn navy yard in charge of the patrol vessels in the lower bay. The old receiving ship New Hampshire will be curned over to the State authorities for use as a hospital or for the detention of cabin passengers.

Postmaster-General Wanamaker has issued the expected order, deputizing postmasters in free-delivery cities, towns and rural communities to put up letter boxes on the request of citizens, for the collection and delivery of mails at house doors. The order, it is said, affects nearly 3,000,000 residences to which free-delivery service is already extended, and it is regarded by post experts as the most important departure in free delivery of mails since the beginning of the system under Postmaster Blair.

The second phase of the Behring Sea

Blair.

The second phase of the Behring Sea arbitration closed the other day with an exchange of cases between the agents of the principals. The preparations of the original case for the United States has larzely engaged the attention of Secretary Foster recently. It embodies the minutes of the historical collection of the acts connected with the Russian ownership of Alaska as far as they bear upon the question of maritime jurisdiction over Behring Sea, the control of the seal fisheries, etc.; also an exhaustive analysis of the correspondence early in the present controversy with Great Britain. The American arbitrators have been supplied with a copy of the British case, and they will be occupied with their reply for several weeks.

The monthly summary issued by the

case, and they will be occupied with their reply for several weeks.

The monthly summary issued by the bureau of statistics shows that the total imports of merchandise into the United States in the month of July last amounted to \$71,515,000, as against \$67,022.000 for the corresponding month of last year. The exports of domestic merchandise for the month of July amounted to \$57,361.000, as against \$61,770,000. Imports from countries with which we have reciprocity treaties had increased during the month es against the corresponding month of last year as follows: Brazil, \$3,188.000; Cuba, \$89.500; Paerto Rico, \$306,000; British We t Indies, \$5,000; Salvador, \$12,000. Our exports of domestic products to those countries during last month increased as follows over last year: Brazil, \$10,000; Cuba, \$739,000; San Domingo, \$30,000; Salvador, \$21,000; British Guiana, \$34,000. The tetal number of immigrants admitted into all ports of the United States during July was 49,000, as against 45,000 in 1891.

Commissioner of Internal Revenue

In the field to maintain the peace at Homestead will be about \$325,000.

The Mexican government is said to have unearthed \$3,000,000 that was buried in a convent during French occupation.

Green Bay (Wis.) business men have organized a building and loan association with an authorized capital of \$5,000,000.

General Weaver told the people at Little Rock, Ark., that they would have plenty of money if he should be elected President.

Atter fifteen years of failure the vines at Egg Harbor City, N. J., are heavily laden with grapes, and a good year of wine making is expected.

A Tissue Paper Trust, which includes all the large mills in the United States manufacturing tissue paper, has lately been formed in New York.

The old tome of Mr. Blaine's ancestors in Carlisle, Penn., a large brick building, is soon to be zorn down to make way for improvements.

Fity-six miles of electric railways in St. J seub, Mo., have been forced into a receiver's hands by Eastern capitalists, who hold \$4,500,000 of the bonds.

The edict has gone forth that no more hogs or geese are to be kept in Toledo. For this kind of game the Toledo blades

Treasury official. modious quarters, anyhow," said the Treasury official.

WORLD'S FAIR NOTES.

Some Foreign Countries May Abando Their Arrangements for Exhibits

on Account of Cholera. General Miles is talking up a parad of Indians for the World's Fair.

It is now said that the War Ministers of Prussia and Bavaria have refused to permit any of the regimental bands to visit the Chicago Exhibition.

The Southern Pacific railway subscri The Southern Pacific railway subscription of \$20,000 for stock in the World's Columbian Exposition makes a total of nearly \$1,000,000 from the various transnearly \$1,000,000 from the various transportation lines in the United States.

portation lines in the United States.

There is a possibility that, owing to the cholera, some of the foreign countries may abandon their arrangements for exhibits at the World's Fair, and General Grosvenor of Ohio suggests the advisability of postponing the opening advisability of postponing the opening for a year.

Isaac P. Monfort, an old gentleman, who lives in Macomb, Ill., still has the mare Nell that he drove all the way to Philadelphia in 1876, and he proposes driving her in the procession at the dedication ceremonies at the World's Fair in Chicago. He has owned her thirty years, and claims to have driven her in that time about 44,000 miles between shafts.

shafts.
On the steamer Albatross, which reached Port Townsend the other day from a trip to Alaska, was brought a Siberian fishing cance, with all appliances for the industry. This will be reshipped to the World's Fair. The cance is described as being a decided curiosity, being constructed of hides and containing a small orifice into which the fisherman crawle feat first and then ties himself

crawls feet first and then ties himself down. The ferns that New South Wales has The ferns that New South Wales has contributed to the World's Fair have been shipped to Chicago, where they are to be transplanted. They are in the very best of condition, and it is confidently expected that they will thrive in their American home and become magnificent specimens before the world is invited to inspect them next year. There are seventy-nine plants in the collection, and as many of them are veritable trees thirty and thirty-five feet in length and heavily packed, the aggregate weight is about eighty tons.

# FOREIGN LANDS.

Hot Weather Causes Sixteen Deaths at Trieste.

THE ENGLISH PLUSH TRADE.

Paris Undertakers Combine-The Stocks of Wheat in Free Warehouses.

Queen Victoria is growing more serious with advancing years.

Slaughtering of animals by electricity is practiced in Scotland. Hamburg people are treated like lepers everywhere in Germany.

Switzerland is erecting what is reported to be its first sugar factory.

Julius Gernaud, the Hungarian So-cialist, has made his escape from Siberia. Typhus fever is ravaging Sanope, a seaport town of Asia Minor, on the Black Sea.

In France 8,079 patients were granted for electrical improvements during the Baron Hirsch will probably sail from France to this country the middle of

England has no fear of an epidemic, owing to its good sanitary condition and pure water.

Fifty thousand pesos in gold have been voted for the expense of the Arbitration Commission in Chili. There is confirmation of the news re-lating to a secret alliance between Peru, Bolivia and Argentins.

An English railrow has just contracted for 10,000 incandescent electric lamps to be placed in their cars.

Germany will recognize the Centigrade thermometer as the official instrument in place of the Reaumur. The English plush trade is in a very bad way, and the British press lays the blame upon McKinleyism.

It is believed that Queen Natalie of Servia will remain abroad until her son, King Alexander, is of age. The passes of the Andes are to be guarded to prevent the entry of cholera into Chili from Argentina.

The blue book says that, although the German export in beer has declined, its production has not diminished. The Frenchmen and the Englishmen are going to have an eight-oared race on the Seine on Sunday, October 3. Court Jeweler Adolf Rebrumann of Munich has failed. Among his stock were lound many sham diamonds.

The North German Gazette urges the adoption of an international agreement for concerted action against cholera,

A clock tower to the memory of Eliz abeth Barrett Browning is to be erected in Ledbury, England, where the poetess passed many youthful years.

passed many youthful years.

The city of Antwerp has celebrated with great colat the third centenary of the last competition of its famous sixteenth century school of rhetoric.

Stocks of wheat in free warehouses in France, seven cities, on August 1 were 7,000,000 bushels. France imported during July 2,000,000 bushels of wheat.

Milan, which is said to be the best lighted city in Europe, has two central stations for generating electricity equipped with American machinery. At the corn fair at Vienna an interes

Marquis Venosts, the recently appointed Italian Commissioner for the settlement of the Behring Sea question, is one of the foremost statesmen of Italy.

The Czar has wired Colonel Yanoff in command of the Russian troops in the Pamir country not to do anything that would be likely to provoke the hostility of England. Thus far this year the ascent of Mont Blanc, once considered a wonderful feat, is reported to have been successfully accomplished by fourteen people, four of whom were Americans.

The epidemic of scarlet fever in London, England, is daily growing in severity. The hospital accommodations are entirely exhausted. At present 3,645 patients are under treatment.

Lord Dysart, President of the Wagner Society of England, is making an earnest effort to have evening dress done away with as one of the obligations attendant upon grand opera in England.

A noted banker named Brooks from Berlin, who was exploring in the Valley of Acate Northern Lieb with two of Aosta, Northern Italy, with two guides, fell with the guides from a precipice, and all three were killed.

While cholera was undoubtedly epidemic in Indis for centuries, it was first recognized and described by European physicians in Asia at the time of the territorial outbreak in Bengal in 1817. The agents of the British steamer Chaucer have received a denial of the report that she was fired upon and sunk at Rio Janeiro for failing to stop when commanded to do so by Brazilian au-

"Where does Witticus get his humor?"
"He inherits his old jokes from his father, and his baby jokes from his little boy."—Harper's Bazar

A Tax Collecting Method. A Tax Collecting Method.

In Saxony they have a unique and usualty effective plan for bringing tax delinquents to "taw." At Cotta persons who
did not pay their taxes last year are pubtished in a list which hangs up in all restaurants and saloons of the city. Those
that are on the list can get neither meat
nor drink at these places under penalty of
loss of license.
